

7 Numbers to Know When Filing Your Company's

2290

HEAVY VEHICLE USE TAX

1 **55,000 lbs.**

This is the taxable gross weight at which a truck becomes subject to the Heavy Vehicle Use Tax (HVUT).

2 **25**

E-filing is required if you are reporting 25 or more taxed vehicles on Form 2290. It's encouraged for all filers for faster processing.

3 **August 31**

Your annual filing is due by August 31 each year. For vehicles used on a public highway in July, file Form 2290 between July 1 and August 31.

4 **Schedule 1**

The stamped Schedule 1 is proof that you paid the HVUT. Without this form, you won't be able to register your vehicle.

5 **EIN** Employer Identification Number

You need this number to file your taxes. You cannot use your Social Security number. If you don't already have an EIN, it will take about four weeks to establish your new EIN in IRS systems.

6 **VIN** Vehicle Identification Number

To file your Form 2290, you'll need the VIN of each vehicle.

7 **Taxable Gross Weight**

Use the tax computation table on page two of Form 2290 to calculate your tax based on each vehicle's taxable gross weight.

**TAXES ARE COMPLICATED,
BUT FILING YOUR 2290 DOESN'T
HAVE TO BE.**

Filing has never been easier with help from the nation's leader in transportation regulatory compliance. Visit 2290online.com, create an account, and we'll walk you through the rest!
